

BABYSITTING POLICY

Reviewed May 202

Whilst Playtime Day Nursery is happy for the staff to babysit/childmind children outside of the nursery, this is a private agreement between the parent/carer and the member of staff and Playtime Day Nursery will not be held responsible for any damages to personal property/ incidents/accidents that may occur during this time.

It is between the parent/carer and the member of staff to discuss a fee and this should be discussed out of nursery hours. The nursery will not give out members of staff telephone numbers without consent first.

If parents require staff to take the child home straight from nursery, the nursery manager/deputy must be informed and all passing over of car seats etc must be done in the staff member own time and again the nursery will not be responsible for any damages to personal property/ incidents / accidents they may occur.
