

## **LONE WORKING POLICY**

At **Playtime Day Nursery** we aim to ensure that no member of the team is left alone working in either a room alone or within the building at any time. However, there may be occasions when this isn't always possible due to:

- Toilet breaks
- Lunch cover
- Nappy changes
- Comforting a child that may be unwell in a quiet area
- Following a child's interest, as this may lead staff away with a child to explore an area
- Supporting children in the toilet area that may have had an accident
- The duties some team members have, e.g., management, opening and closing the setting, carrying out cleaning or maintenance at the settings and staff operating outside operating hours.

We always ensure that our staff: child ratios are maintained.

On the rare occasions, that lone working within a room does take place we ensure that a specific risk assessment is completed prior to lone working taking place, this includes:

- how staff can manage with a variety of tasks such as talking to parents and supervising children safely
- That each member of staff required to work alone has the required qualification/training and/or skills for the role, e.g. holds a level 3 qualification, paediatric first aid, safeguarding and child protection training and basic food hygiene
- That staff members working alone are competent in their role
- That the staff member can call on others in an emergency, including procedures if there was a fire evacuation
- There are procedures in place to check in on the staff member and cover for breaks
- The member of staff and children are always safeguarded (relating to safeguarding/child protection policies)
- Ratios are maintained.

Public liability insurance for lone working will be sought where applicable.

**Staff members** responsibilities when left in the building alone:

- To ensure they have access to a telephone at all times in order to call for help if they need it, or for management to check their safety if they are concerned
- Ensure that the building remains locked so no one can walk in unidentified

- Report any concerns for working alone to the management as soon as is practicably possible.

Risk assessments are also completed for these occasions including hazards and risks and how these are controlled.
